For Rent In New Herald Building

Janitor service is furnished together with all the incidental requirements that help to make an office building more comfortable than the ordinary office can be without these requisites.

LOCATION—located in the very heart of the business center where all street cars pass its doors, well advertised, large signs on all sides of the building, and immense electric signs on tower show day and night where The Herald Building can be found. This one feature is worth money to any business man, to be in a building that can be located without the assistance of a city directory and one or two policemen.

REMEMBER, while you know where your office is located, strangers and others must find it. Therefore it is good policy to be where you can be found when people want to do business with you. Now-a-days the average person will not hunt long, he will do business elsewhere.

TREMENDOUS LOSS OF CITY PROPERTY IN BISBEE FLOOD

Bisbee, Ariz., July 25.—A more accurate estimate of the damage caused by last Friday's flood places the total loss at a little over \$100,000. The Fair store, Buxton-Smith company and the Pioneer Lumber company suffered the most damage. Street car, railroad and telegraphic communication has been reestablished, but it is calculated that the work of repairing streets and houses will require several weeks. Buried water mains throughout the city have not yet been repaired and much inconvenience is caused. A good feature was that no cases of looting from flood sufferers were detected and that men spontaneously offered their assistance in doing whatever they could. A relief fund of \$1000 has been gathered. Save for the debris in streets and basements, the city and business in general is gradually recovering its usual aspect.

The houses demolished or washed away completely Friday night in Bisbee and Lowell belonged to Mrs. Bolthoff, Robert Hennessy, Frank Hains, cement building; Scott Whaley's residence, automobile repair shop and stables above the Calumet & Arizona hospital; Mrs. Ida Johnson's house; Dobson's residence and furniture store, W. F. Goode's building, occupied by the Olsen Drug company; the Lafayette hotel.

The places damaged are the Orpheum theater, \$500; Kramer pool hall, \$1000; Hillman cigar store, \$250; Central pharmacy, \$300; Edelweiss cafe, \$3000; St. Elmo saloon, \$1000; Fischer and Hickey grocery, \$200; L. J. Overlook building, \$1200; Jake Miller, \$500; Fair store, several thousand dollars; City bakery, \$500; Bisbee Meat Co., \$1000; Los Angeles Grocery, \$200; B. Carreto and A. Buffon, residences, \$500 each; Debelly & Phelps, jewelers, stock lost; George Berry, barber shop, \$100; Bonanza, Owl and Colorado saloons, \$3000.

Squads of laborers are working everywhere and several days will be required to clean the streets. Extra police are on guard.

All persons reported missing were located alive.

Jos. Prescote's ranch was washed out and 100 goats drowned. The loss is \$1000.

Ten tons of silver and lead ore at the Wolverine and Arizona were mine flooded. The loss is \$500.

The Warren baseball park was seriously damaged.

MEXICO HAS BIG COTTON PROSPECTS

Many Gins Ordered for La Guna District—Rains Help Crops.

Torreon, Mexico, July 22.—The prospect of big cotton crops in this section are causing machinery men to reap a rich harvest. One firm has sold 18 cotton gins to planters in this district since last February under contract to have them installed by August 15. The mills have a total value of over \$200,000. Twelve have already arrived at the Torreon station and some of them are now installed. The work of installing the remainder is being pushed as fast as possible. The sellers say that all the machinery will be ready to turn over to the purchasers, installed and ready for operation by August 15.

Telegrams have been received here stating heavy rains are still falling at the head of the Nazas river and that a strong flow of water may be expected within a few days. If this flow continues long enough there is no doubt but what the cotton crop in the Laguna district will reach 200,000 bales.

NAVAL VESSEL SELLS CHEAP: INSURGENTS MAY USE IT

Washington, D. C., July 25.—If the converted yacht Hornet, which the government has just sold to Isaac Stein of New Orleans, the highest bidder at the condemnation sale, is going to Nicaragua to serve as the nearest approach to a navy that the Estrada faction can possess, the Washington authorities have not received any official word of that purpose. The Hornet, when built 20 years ago, cost this government \$117,500, and was sold a few days ago for \$5,100.

She is a steel craft and could be of more use to Estrada than the Venus and the little antiquated tug, San Jacinto, are to the Madriz forces in Nicaraguan waters.
